2nd WKF Youth Camp & World Cup

Chalkida, Greece 2009

Welcome

Dear participant,

Last year, the 1st karate training camp and World Cup was a big and successful event, which has encouraged the World Karate Federation to choose the same location for the event in 2009, showing once more our commitment of promoting karate at the lower ages.

When the 2009 training camp takes place in the summer of 2009, already the 14 & 15 years categories will be a reality since the beginning of the year, something I am sure will be encouraging the participation in this second camp, with worldwide known instructors and in the beautiful Chalkida, where I look forward to welcoming you personally.

Antonio Espinos
WKF President

2nd WKF Youth Camp & World Cup

Chalkida, Greece 2009

Cities of Chalkida, Eretria & Amarinthos

Chalkida, the capital of the Evia Island, is a modern town which stands on both the Evian and mainland side of Euripus. The town embraces with the traditional two storeyed houses and modern high-rise buildings the channel of Euripus and creates the impression that a large river flows through the town. In Chalkida the visitor can see the quay which has been built to the left and right of the channel along the Evian and mainland coast and can admire the creation of technology, the bridge and the creation of nature, the tide.

One can also visit the old Christian Balisica of Saint Paraskevi, the traditional building which houses the town hall and the red house which is famous for its splendid neo-classical architecture. One can also climb up the fortress of Kanithos and admire the panorama of Chalkida.

More information on the City of Chalkida: www.chalkida.gr

Eretria, this glorious monument of the Hellenic cultural past, is, due to the ferry, the second (after Chalkida) entrance towards the western and southern Evia. The city by itself, is honorary one of the municipalities of Evia. Next to it, the municipality of **Amarinthos**, with the historical as well Amarinthos, is wrapping up the most historically interesting region of Evia.

But its history and the grate number of monuments are not the only motives for a visit to that - so close to Attica region. The beaches of Eretria and Amarinthos are considered to be among the most prized in the gulf of Evoikos, while a plethora of taverns in the seaside are satisfying every taste.
