**THE 15th PAN-AMERICAN
SHITORYU KARATE-DO CHAMPIONSHIPS**
Canada, Gatineau, 3rd – 5th August 2012

1. INTRODUCTION

On behalf of the **Shitoryu Karate Canada (SKC)**, the Organizing Committee would like to extend our most cordial welcome to all Senseis, delegation leaders, honourable guests, officials, and contestants, etc. to be participated in this event. It is not only a very great pleasure for the SKC to host **the 15 Pan-American Shitoryu Karatedo Federation (PSKF) Championships on 3 - 5 August 2012 in Gatineau, Quebec**. May we assure you that all who are responsible for this event will do their utmost to make your stay pleasant with full of Shitoryu's friendship, joy and treasured memories.

Canada is a North American country consisting of ten provinces and three territories. Located in the northern part of the continent, it extends from the Atlantic Ocean in the east to the Pacific Ocean in the west, and northward into the Arctic Ocean. Spanning over 9.9 million square kilometres, Canada is the world's second-largest country by total area, and its common border with the United States is the longest land border in the world.

Gatineau is a city in western Quebec, Canada. It is the fourth largest city in the province. It is located on the northern banks of the Ottawa River, immediately across from Ottawa, Ontario, and together they form Canada's National Capital Region. Ottawa and Gatineau comprise a single Census Metropolitan Area. As of 2011 Gatineau had a population of 265,349, and metropolitan population of 1,236,324.

Gatineau City

The following is some useful highlights about Canada:

History - The name Canada comes from the St. Lawrence Iroquoian word *kanata*, meaning "village" or "settlement". In 1535, indigenous inhabitants of the present-day Quebec City region used the word to direct French explorer Jacques Cartier to the village of Stadacona. Cartier later used the word Canada to refer not only to that particular village, but also the entire area subject to Donnacona (the chief at Stadacona); by 1545, European books and maps had begun referring to this region as Canada.

In the 17th and early 18th centuries, "Canada" referred to the part of New France that lay along the St. Lawrence River and the northern shores of the Great Lakes. The area was later split into two British

colonies, Upper Canada and Lower Canada. They were re-unified as the Province of Canada in 1841. Upon Confederation in 1867, Canada was adopted as the legal name for the new country, and the word Dominion was conferred as the country's title. However, as Canada asserted its political autonomy from the United Kingdom, the federal government increasingly used simply Canada on state documents and treaties, a change that was reflected in the renaming of the national holiday from Dominion Day to Canada Day in 1982

Climate and Weather – Canada's climate is not as cold all year around as some may believe. In winter, temperatures fall below freezing point throughout most of Canada. But the south-western coast has a relatively mild climate. Along the Arctic Circle, mean temperatures are below freezing for seven months a year.

During the summer months the southern provinces often experience high levels of humidity and temperatures that can surpass 30 degrees Celsius regularly.

Western and south-eastern Canada experience high rainfall, but the Prairies are dry with 250 mm to 500 mm of rain every year.

Language - Canada's two official languages are Canadian English and Canadian French. Official bilingualism is defined in the Canadian Charter of Rights and Freedoms, the Official Languages Act, and Official Language Regulations; it is applied by the Commissioner of Official Languages. English and French have equal status in federal courts, Parliament, and in all federal institutions. Citizens have the right, where there is sufficient demand, to receive federal government services in either English or French, and official-language minorities are guaranteed their own schools in all provinces and territories.

English and French are the first languages of 59.7% and 23.2% of the population respectively. Approximately 98% of Canadians speak English or French: 57.8% speak English only, 22.1% speak French only, and 17.4% speak both. English and French Official Language Communities, defined by First Official Language Spoken, constitute 73.0 and 23.6% of the population respectively.

Time zone - Canada is divided into six time zones, based on proposals by Scottish Canadian railway engineer Sir Sandford Fleming, who helped pioneer the world's time zone system. Gatineau's Standard time zone is GMT -5.

Electricity - Canada's electrical supply and electrical outlets (sockets, wall plugs) are the same as those of the United States. The electrical supply is 110 Volts and 60 Hertz (cycles per second).

Currency – The Canadian currency system uses dollars (\$) and cents (¢) similar to the US, Australia and New Zealand. Most hotels, stores and restaurants will accept US dollars, though sometimes at a lower

exchange rate than at banks or airports. Large hotels will usually give you a rate similar to those at the bank. It is always a good idea to convert some of your money to Canadian currency prior to leaving home.

We are desirous on seeing our sportsmen, members, children and others, not only being physically fit but also living a healthy life.

We are also desirous to see our members, children and others being guided towards becoming citizen of exemplary character, disciplined, respectful, obedient, mentally alert and free from social-ills, negative attitudes or inclination towards delinquency.

The fine norms and values that we learnt are reflected in the regimen of our training and our participation in the championship. We believe it could contribute to the government's effort in sport development and to achieve its noble objectives.
