Dear Friends,

A warm welcome to all of you who have come to the Battle Of The Teams in Rotterdam. Rotterdam, the City of Sports, is very proud to host this event.

From a national as well as an international perspective Rotterdam is a prominent and striking city. Rotterdam is one of the world's largest seaports (known as 'the Gateway to Europe') and as such is brimming over with activity and is developing rapidly into an alluring, multifarious city.

Rotterdam is every inch a sports-loving city as well. Our integrated sports policy in a contribution to health, social and economic development, integration and improving quality of life, has become an example in The Netherlands. The international awarding for Rotterdam as the 'European Capital of Sports 2005' and the national award as 'The Sport City 2006 of The Netherlands' proves our policy has been recognized and successful.

I hope that this contest will be an exciting one for those taking part, the organisers and the public, and that it will demonstrate why Rotterdam is the City of Sports.

If you require any further information or assistance then please contact info@battleoftheteams.nl.

See you in Rotterdam!

Hans den Oudendammer

What is Battle of the Teams?

The Battle of the Teams is a unique karate event. In which only teams will compete to be the ultimate winner of the tournament. During this event the number of points scored per team competitor will count, instead of the number of winning matches. This unique system will make the tournament exciting until the last minute.

Note:

These points can be scored by performing different techniques.

Ippon is scored by punching towards body or face of the opponent

Nihon is scored by kicking towards the body of the opponent
